Dear Fred:

25X1A6a

Enclosed please find the correspondence from [redacted] that  
was received today.

25X9A5

I have given my personal views to [redacted] on the replies  
required of me based on the facts as I know them. However, if  
there are any suggestions to be offered from you, I would naturally  
appreciate the same. The only point that I'd like to make is that  
such suggestions should be rather quick in reaching me as I do not  
know how much time there will be available to me before I have  
to officially reply.

Best wishes,

Sincerely yours,
